ABOUT THIS REPORT

In 2014, the Department of Energy and Water Supply (“the Regulator”) introduced the Water Industry Regulatory Reporting Reform. The purpose of this reform was to enable a focus on outcomes, not plans, with the new framework providing greater transparency and accountability to customers about the water and sewerage services they receive.

The new framework removed the requirement for service providers to submit to the Regulator management plans relating to strategic asset management, system leakage, drought management and outdoor water use conservation. Instead, the submission of these plans was replaced with the requirement to submit annual reports - this *Annual Performance Plan* and the *Drinking Water Quality Management Plan Report* – outlining our performance against key industry performance indicators developed in consultation with the Regulator and the water industry.

Water and sewerage service providers are also required to make their *Annual Performance Plan* and the *Drinking Water Quality Management Plan Report* available to customers on their website.

REPORT CONTENT

This report outlines our performance against:

- Key performance indicators determined by the Regulator.
- Our customer service standards.
- National Performance Reporting indicators.

South East Queensland water service providers on the services they provide to their customers. Based on the changes to the Code, including minor changes to mandatory customer service standards, Queensland Urban Utilities engaged with customers to review and update customer service standards, as part of the review of Customer Charters.

The revised customer services standards commenced from 1 July 2017.

LINK TO CUSTOMER SERVICE STANDARDS

As part of the Water Industry Regulatory Reporting Reform, water and sewerage service providers were required to review their customer service standards to link with the performance indicators. These standards provide customers with an understanding of the levels of service they can expect to receive from their water and sewerage service provider. Our customer service standards can be found on our website in our *Residential Customer Charter*.

During 2016/17, the Department of Energy and Water Supply finalised the review of the *South East Queensland Water and Wastewater Code* (the Code). The Code guides

LINK TO ANNUAL REPORT

Urban Utilities is also required to produce an Annual Report, which is submitted to Queensland Parliament by the Regulator.

The Annual Report is a comprehensive report of our performance for the financial year, based on our strategic plan. The Annual Report also includes our corporate governance arrangements, as well as our audited financial statements.

Our Annual Report can also be found on our website.

OUR STRATEGIC DIRECTION

Our strategic direction outlines where we want to be and how we plan to get there.

OUR PURPOSE

Enrich quality of life.

OUR VALUES

Our values support our purpose, vision, and the development of a constructive culture for Urban Utilities. They provide guidelines for employees on what behaviour is expected and how decisions should be made.

WE CARE

We're Connected.

We're here for each other and our customers.
We generously share our talent, time and knowledge.

We're All In.

We're one team. We've got grit, can always be counted on and love what we do.

We Keep It Real.

We're good humans. We embrace real and meaningful conversations. We bring our whole self to work.

We're Evolving.

We're curious, we challenge the status quo to create change that adds value.

OUR STRATEGIC GOALS

Our strategic goals are our "big picture" objectives for the business. They drive our priority setting, resource allocation, capability requirements and budgeting activities.

CONSTRUCTIVE CULTURE

We inspire, create and sustain a constructive culture to deliver high performance.

FOUNDATIONAL SUCCESS

We know our business, we know our customers and we deliver value for both.

ENVIRONMENTAL LEADERSHIP

We protect and enhance our environment for current and future generations through excellence in water cycle management.

SOCIAL & ECONOMIC VALUE

We advance the wellbeing and prosperity of society by leveraging our unique capabilities.

KEY PERFORMANCE INDICATORS

INTERPRETING OUR PERFORMANCE

Where the measure relates to Urban Utilities and data is available, the result is shown. This includes '0', which means the activity or function applied to Urban Utilities and our result for the period was 0. In all other cases, the following applies:

- **MD (Missing data)** – An activity or function we may undertake, however reliable data is not available for the reporting period.
- **NR (Not relevant)** – An activity or function we do not undertake.
- **N/A (Not applicable)** – An answer is not required.

PERFORMANCE AGAINST CUSTOMER SERVICE STANDARD

As outlined at the start of the document, Queensland Urban Utilities' Customer Service Standard has been reviewed to align to the revised Key Performance indicators. These standards provide customers with an understanding of the levels of service they can expect to receive from their water and sewerage providers. Our *Customer Service Standards* can be found on our website.

The performance below is against our Customer Service Standard for 2022/23. The revised customer services standards commenced from 1 July 2017.
