

Developer Services e-News

Two events you won't want to miss this week! | April 2024

Two big events are happening this week:

- Annual Customer Surveys released
- Online Developer Services Portal Tips'n'tricks session

Are we there yet? Customer surveys out today!

We want to be.... ***the leading water development service in Australia.***

Do you think we're on the way? Let us know in our annual customer survey LAUNCHING TODAY!!

Your feedback over the years has contributed to the improvements in our Portal, in our processes and in our people, and we're keen to hear more of your ideas of how we can continue to do better.

If you're a regular DS Portal user, watch out for an email coming very soon from UrbanUtilities@strativity.com.au

We look forward to your feedback.

Online DS Portal training session this week!

A 60 minute training session will be held this Thursday, 18th April to improve your experience when using the Developer Services Portal. This virtual session will be recorded and made available on demand on our website. **To attend the session live and/or register for upcoming sessions, answer 1-3 questions in this short Training Survey.**

Only those who register interest will be provided with an update on topics, dates, times and links to live events.

We hope to see you there!
